

**2010 NIGHTINGALE RECIPIENT
PRISCILLA CRUZ, RN, BSN
WINDSOR**

The Windsor office of New England Home Care proudly announces **Priscilla Cruz, RN, BSN, SCS** as the recipient of this year's Florence Nightingale Award. Priscilla has been selected due to her exemplary ability to manage her nurses, patients and her ability to creatively juggle both the clinical and financial aspects of her job.

Priscilla was originally a field nurse in homecare who was chosen to spearhead and oversee the largest Hispanic nursing unit in the state of CT. Priscilla is bilingual and she is sensitive to the specific needs of the multicultural population she oversees. She is respected and loved by both the nurses and patients under her auspices.

Priscilla is representative of a new breed of homecare executives ~ young, fast paced, vibrant, casual, charming, witty, passionate and efficient. Her less-ferocious approach to her nurses and her craft gives her a non-intimidating professional edge as she is able to forge relationships with her team that result in their desire to please her and hand in better quality work.

Priscilla has done a remarkable job learning to juggle the clinical and financial challenges in the new homecare arena and has received accolades from our senior management team in regards to this.

It is with great pleasure that I provide Priscilla with this esteemed nomination on behalf of the entire New England Home Care Team.

Congratulations!
