

Introducing CT TyMetrix 360° Claims Collaboration Edition

Flexible workflow tools. Powerful analytics.

CT TyMetrix 360° Claims Collaboration Edition combines proven utilities in a single workspace:

- E-Billing
- Case Management
- Task Assignment
- Document Management
- Budgeting and Forecasting
- Key Performance Metrics and Reporting

CT TyMetrix offers web-based tools to enable insurance claims departments and their outside law firms to collaborate within a unified platform.

CT TyMetrix 360° Claims Collaboration Edition delivers flexible workflow tools and powerful analytics for:

- Improved indemnity performance
- Reduced defense costs
- Better case management
- Streamlined processes

CT TyMetrix delivers benefits to dozens of insurance claims departments by unifying processes, consolidating data and combining the organization's legal management data on a single, integrated platform.

Total Panel Management with CaseRev™

CT TyMetrix 360° Claims Collaboration Edition and CaseRev offer the claims industry's first total panel management solution. The combined services provide selection, assignment, collaboration and compliance across all vendors and law firms serving the claims organization.

- **Connection:** 20,000 law firms and other claims vendors are already available.
- **Compliance:** Protocols and rules are ensured through flexible, configurable workflow engines based on industry best practices. Run all invoices against company guidelines—both law firm and non-law firm vendors
- **Efficiency:** Case assignment gets the work done quickly in the hands of the selected law firm or vendor
- **Workshare:** Receive back work product through secure document sharing and common workspaces
- **Performance:** Secure accurate and complete information on your full claims expense
