

ATTENTION TRIALDIRECTOR® 4.5 CUSTOMERS

Please note that after December 31, 2007, inData Corporation will no longer support TrialDirector Versions 4.0 through 4.5 (which we stopped selling in early 2006). As a courtesy, if you haven't already upgraded, we are offering existing clients special pricing to upgrade their old 4.X licenses to TrialDirector Version 5.1. Our current version has a new, easier-to-use interface - plus many other new features. It has garnered [rave reviews](#) and placed as the top trial presentation product in recent technology [surveys](#). TrialDirector 5 also won the 2006 LTN [Product of the Year](#).

For more information and upgrade pricing, please call us at 800-828-8292.
