TERMS AND CONDITIONS

Application Offer: This program covers products purchased and installed on or after January 1, 2007. Details of this program, including incentive levels, are subject to change or cancellation without prior notice. This Application with required documentation must be received by **December 31, 2007**. For further details, please contact:

- CL&P customers call: Mark Foley (860) 832-4964
- UI customers call: Tom Turco (203) 499-2111

This offer is valid for residential customers only.

Eligibility: Incentives are available to all CL&P and UI residential electric service customers. Equipment must be installed in the service territory of the participating electric utility. Eligible systems are: electric geothermal heat pumps. Rebate is used for geothermal equipment installed for residential applications. Units must be ARI-rated to qualify. The rebate amount is \$500 per ton with a limit of \$3,000 per location. This Application must be accompanied by a completed Verification of Installed Performance (VIP) spreadsheet available at www.cl-p.com.

Proof of Purchase: An invoice itemizing the purchased equipment must accompany each incentive Application. The invoice copy must indicate the equipment type, make and model numbers and the date of purchase.

Application Form: This Application must be filled out completely, truthfully and accurately. The Customer and Contractor must each sign and submit the completed Application along with the invoice.

Payment: Please allow up to 60 days for payment. Payment processing may take longer if information is missing on the Application.

- CL&P customers call: Mark Foley (860) 832-4964
- UI customers call: Tom Turco (203) 499-2111

Approval and Verification: Your electric utility reserves the right to verify sales transaction and to have reasonable access to your residence to inspect the system installed under this program, prior to issuing incentives, for up to one year after date of application. Rebate Application must include VIP spreadsheet which must be completely filled out. Based on the judgment of the electric utility, rebates will not be paid if the VIP spreadsheet is not filled out completely. Units must be a minimum of 70% efficiency based on the A.R.I. performance rating.

Tax Liability: Your electric utility will not be responsible for any tax liability that may be imposed on the customer as a result of the payment of incentives.

Endorsement: Your electric utility does not endorse any particular manufacturer, product, or system design in promoting this program.

Warranties: YOUR ELECTRIC UTILITY DOES NOT WARRANT THE PERFORMANCE OF INSTALLED EQUIPMENT, EXPRESSLY OR IMPLICITLY. The electric utility makes no warranties or representations of any kind, whether statutory, expressed, or implied, including without limitations, warranties of merchantability or fitness for a particular purpose regarding the unitary central air equipment or services provided by a manufacturer or vendor. Contact your Contractor for details regarding equipment performance and warranties.

Limitation of Liability: Your electric utility's liability is limited to paying the incentive specified. The electric utility is not liable for any consequential or incidental damages, or for any damages in tort connected with or resulting from participation in this program.

Owner's Certification: Owner certifies that he/she has purchased and installed the equipment listed on the other side of this Application at the defined location. Owner agrees that all information is true and that he/she has conformed to all program and equipment requirements listed.

ISO-NE Capacity Payments: By signing this Application, and as a condition for receiving a rebate pursuant to this program, customer hereby assigns to its participating electric utility, either CL&P or UI, whichever the case may be, all of its rights, title and interest in and to any and all LICAP, ICAP, or any and all other capacity-related credits or payments for which customer may be eligible from ISO-NE or such value associated with settlement of such LICAP, ICAP, or capacity payments determine through the ISO-NE LICAP, ICAP, or other such like capacity supply auction or market (or its successors or replacements) for any capacity enrolled with ISO-NE.

Class III Conservation Credits: In accordance with the Department of Public Utility Control's June 28, 2006 decision in Docket No. 05-07-19, DPUC Proceeding to Develop a New Distributed Resources Portfolio Standard, Customer is not eligible to receive or retain any Class III conservation credits for this project. Such credits shall be retained by either CL&P or UI for the benefit of their customers through the CEEF. Customer may be eligible to receive and retain Class III conservation credits for projects which do not receive funding from the CEEF. Such projects would be treated as separate projects under the Class III credit program.

APPLICATION INFORMATION

Applications cannot be processed unless all of the appropriate fields on the front side of this Application are complete. Please be sure you have read the Terms and Conditions of this Application. Attach a copy of the contractor's invoice listing the condenser and evaporator model and serial numbers.
