I am pleased to provide you with a copy of Columbus Regional Health’s Medical Staff Directory. Our vision is to be your health and wellness partner for life, and our excellent medical staff is integral to our pursuit of excellence to offer patients the very best.

In addition to highlighting our medical staff, this directory includes contact information for hospital services and departments and information about Columbus Regional’s high-quality care. I hope you find this directory to be a valuable resource.

**Tom Sonderman, MD, Chief Medical Officer**

---

**ACTIVE STAFF**

Physicians, dentists and podiatrists who actively practice at Columbus Regional Hospital are listed by specialties, which are grouped in alphabetical order. Included is a brief explanation of each medical specialty.

**COURTESY STAFF**

Members of the courtesy staff are physicians, dentists and podiatrists who are eligible for active staff membership, but wish to make only limited use of the facilities at Columbus Regional Hospital, or who reside outside Bartholomew County and practice primarily outside Bartholomew County and do not wish to assume active staff membership.

**REFERRING STAFF**

Members of the referring staff are physicians, dentists and podiatrists who wish to make only limited use of the facilities at Columbus Regional Hospital. They do not admit patients or write medical orders for patients at Columbus Regional Hospital, but they may refer patients to this hospital and they may write histories, physicals and progress notes on patients they have referred to this hospital.

**CONSULTING STAFF**

Members of the consulting staff are medical specialists who are appointed for a specific purpose of providing consultation in the diagnosis and treatment of patients and the administration of clinical departments. They do not admit patients to Columbus Regional Hospital.

All medical staff members, whether they are active, consulting, courtesy or referral, are listed in the index in the back of this book.

COLUMBUS REGIONAL HEALTH

At Columbus Regional Health, our team uses innovation and technology to make healthier tomorrows possible. We strive for excellence in everything we do — from serving critical emergency needs to proactive wellness services. We are thinking beyond to be your health and wellness partner for life.

Columbus Regional Hospital is our flagship facility — a 225-bed, not-for-profit regional hospital providing care for patients across the southeastern Indiana region. We are fully accredited by the national Healthcare Facilities Accreditation Program.

Columbus Regional is nationally recognized for our high quality care as noted by U.S. News and World Report as among the best hospitals in the nation; the American Hospital Association’s Quest for Quality Prize; Becker’s Hospital Review as a Top 100 Great Community Hospital; Best Places to Work in Indiana; and Blue Cross and Blue Shield’s Blue Distinction Award for joint and spine surgery.

We are a nationally accredited Chest Pain Center, Cancer Center, Heart Failure Center, Baby Friendly birthing services, Breast Imaging Center of Excellence and Bariatric Center of Excellence.

We offer 24-hour Emergency and Surgical Services, Chest Pain Center, Bariatric Center, and many other specialty areas including:

The Lung Institute is the only facility in the region with the technology and skill to diagnose lung cancer earlier, when treatment has the best chance for success. Our staff can diagnose and manage the full range of lung conditions including lung cancer, chronic obstructive pulmonary disease (COPD), asthma and pulmonary hypertension.

The Joint and Spine Center offers specialized care for patients undergoing joint replacement and spine surgery. We emphasize individual care in a progressive atmosphere that focuses on wellness and rehabilitation.

The Heart & Vascular Center is the area’s only hospital to offer comprehensive cardiac services including both interventional cardiology and open-heart surgery. That’s important in cardiac emergencies when every minute counts.

The Breast Health Center offers complete education resources, rapid diagnostic testing and the latest technology for treatment and recovery to offer our patients the most comprehensive and high-quality breast healthcare possible.

The Endoscopy Center offers our patients a convenient location for diagnosis and treatment of gastrointestinal diseases as well as screening for upper and lower gastrointestinal cancers.

WEB SITE

Columbus Regional Health’s web site at www.crh.org offers many interactive health and disease education tools. Our Find A Doctor section gives the latest information about doctors on our medical staff and enables users to sort by specialty and practice. In addition, you can access an electronic copy of our medical staff directory.
Go to www.crh.org for help in finding a doctor or information about hospital services.
