CONFLICT OF INTEREST: Consistent with Halifax Health, the Accreditation Council for Continuing Medical Education, and the Florida Medical Association policy, faculty for this conference are expected to disclose to you at the beginning of their presentation any economic or other personal interests that create, or may be perceived as creating, a conflict related to the material discussed. This policy is intended to make you aware of faculty's interests, so you may form your own judgements about such material. Full disclosure of faculty's relationship(s) is also included in the program syllabus.

Conference Purpose/Goals

For 32 years, we have designed our Family Medicine Update to meet the educational needs of primary care specialists in the evolving field of family medicine by providing excellent talks and workshops on clinically-important topics related to the busy, office-based primary care practitioner. Our program changes yearly, based on the comments, suggestions and needs of our participants.

Americans With Disabilities Act

Halifax Health and the Family Medicine Residency Program wish to ensure that no individual with a disability is excluded, denied services, or otherwise treated differently from other individuals because of the absence of auxiliary aids or services. If you need assistance or services as identified in the American Disabilities Act, please contact us no later than February 1, 2012 in order for us to make appropriate arrangements.

Educational Grants

This conference is supported in part by educational grants from multiple industry sponsors. At the time of this printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the conference.
